## PROFILE

Hello! My name is Victoria Burgess and I am a UX/UI designer working mainly with Figma and Adobe Creative Suite to create websites and applications with a focus on user-experience. With my previous job experience, I specialize in accessibility and user-focused design, and have extensive experience with communication and translation to all types of people. Check out my portfolio for a look at my work and process. I look forward to hearing from you!

## EXPERIENCE

**Freelancer / Self-Employed**

*January 2020-Current*

Created wireframes, prototypes, and HIFI mockups for websites and apps for clients after discussion of product desired look. After initial mockup was completed, user testing was implemented to increase user accessibility in design and improve design. Completed work with client approval can be seen on my portfolio website.

**SLPA / ACM Therapy Group**

*November 2018 to April 2020*

Speech language therapy assistant specializing in children and adults with disabilities. Created and completed therapy for a shared caseload as prescribed by supervising therapist. Implemented a variety of therapies, and used technology to create opportunities and expand on language topics. Completed documentation and billing and maintained a clean and creative space for individuals to grow skills.
